Introduction to Diagnostic Musculoskeletal Ultrasound **August 9, 2008, 8:00am – 5:30pm**

Speaker: *Jon A. Jacobson, MD, Professor of Radiology, Director, Division of Musculoskeletal Radiology University of Michigan Medical Center*

Course Overview: The use of ultrasound for diagnostic and guided injection procedures will be reviewed. Scanning workshops and lectures are used to explain anatomy, pathology and scanning protocols of the shoulder, wrist, knee, foot and ankle. A low student instructor ratio is used to maximize scanning experience in workshops. Scanning phantoms will be used to practice needle visualization.

Space is limited.
Advanced registration required.

Course Objectives: At the completion of this program, attendees should be able to: identify normal anatomical structures of the shoulder, wrist, knee, foot and ankle with ultrasound; explain the use of ultrasound in guided procedures; identify common musculoskeletal pathology.

Registration Fee: \$155 (Includes lunch and course materials)

Location: Hyatt Regency La Jolla
3777 La Jolla Village Drive, La Jolla, CA 92122 (858) 552-1234
