

An anatomical illustration of a human torso, showing the muscles and skeletal structure. The image is rendered in shades of blue and white, with a focus on the musculature. An ultrasound probe is visible in the lower right quadrant, positioned over the abdominal area. The background is a dark blue gradient.

# Introduction to Diagnostic Musculoskeletal Ultrasound

**Saturday, July 12, 2008**  
**8:30am – 5:30pm**  
**Chicago, IL**

## Speaker

**Nandkumar Rawool, MD, RDMS**  
Associate Professor  
Department of Radiologic Sciences  
Thomas Jefferson University

***Space is limited. Advanced registration required.***  
***On-line registration at: [www.sonositelearning.com](http://www.sonositelearning.com)***  
***or call: 1-877- 951-SITE***

## **Introduction to Diagnostic Musculoskeletal Ultrasound**

### **July 12, 2008, 8:30am – 5:30pm**

**Speaker:** *Nandkumar Rawool, MD, RDMS, Associate Professor  
Department of Radiologic Sciences, Thomas Jefferson University*

**Course Overview:** The use of ultrasound for diagnostic and guided injection procedures will be reviewed. Scanning workshops and lectures are used to explain anatomy, pathology and scanning protocols of the shoulder, knee, ankle and foot. A low student instructor ratio is used to maximize scanning experience in workshops. Scanning phantoms will be used to practice needle visualization.

**Space is limited.**  
*Advanced registration required.*

**Course Objectives:** At the completion of this program, attendees should be able to: identify normal anatomical structures of the shoulder, knee, ankle and foot with ultrasound; explain the use of ultrasound in guided procedures; identify common musculoskeletal pathology.

**Registration Fee:** \$155 (Includes lunch and course materials)

**Location:** Westin Chicago River North  
320 North Dearborn Street, Chicago, IL 60610, 312-744-1900

**Sponsored by:** *SonoSite, Inc.*

**On-line registration at:** [www.sonositelearning.com](http://www.sonositelearning.com)  
**or call:** 1-877- 951-SITE
